

06 January 2015

Dear Parent / Carer

I am excited to advise you that your child has been chosen to participate at the Physics Challenge Programme, at the Nottingham University Physics Department, on Thursday 15th January 2015.

This event will take place at Nottingham University and students will walk over to the University at approximately 10.00am and return at 15:45pm accompanied by teachers.

During the day students will take part in a variety of activities including several master classes, a design and build challenge as well as a lecture titled 'From Star Trek to Medical Imaging'

Students will be expected to be in full school uniform and are required to bring a packed lunch with them as there will not be the facilities to purchase food.

This is a great opportunity for our pupils to participate in such an event.

There is no cost to the school, however permission is required for your child to attend.

Yours sincerely

Mrs A Lowe
Head of Science

I give permission for -----(name of child) to attend the Physics Challenge programme.

Signed-----Parent / Carer

----- (name of child) is entitled to free school meals
YES/NO (Please cross out as relevant)
